

SANTOS

Built for Life

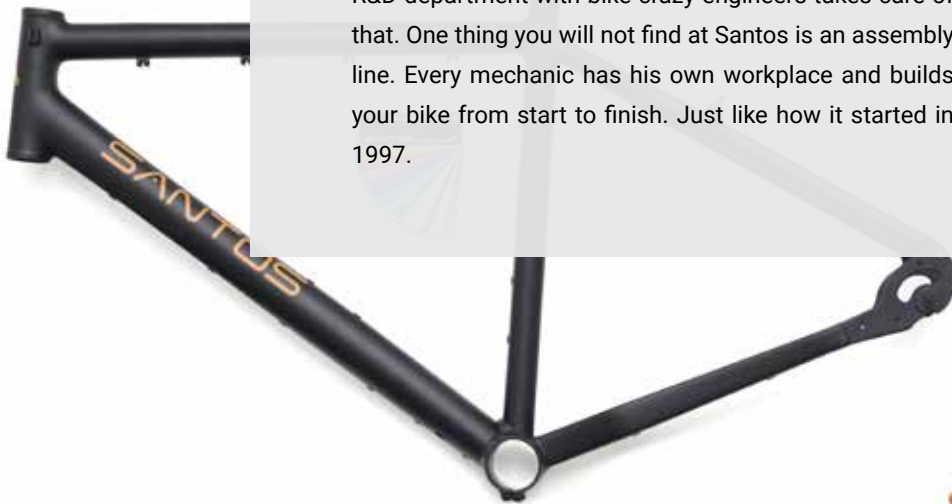

# Santos

Built for Life

Santos is a small independent bicycle brand with passion for bicycles and love for quality. It started in dad's barn in a small town in a Dutch region, famous for tulips. Nowadays a team of 20 bicycle enthusiasts work daily to fulfill the bicycle dreams of Santos customers. We all are cyclists and ride daily. Open for input and feedback from other bikers, we quickly find out which ideas work and which do not and get new ideas. We like top quality parts and often develop or modify them ourselves. Our own R&D department with bike crazy engineers takes care of that. One thing you will not find at Santos is an assembly line. Every mechanic has his own workplace and builds your bike from start to finish. Just like how it started in 1997.

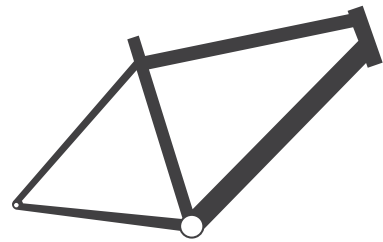

# Santos roadmap

First we listen to your wishes, then we built the bike that suits you perfectly. To help you choose, we follow a roadmap. This way you'll find your own Santos in just three simple steps.

1

## Which Santos frame do you need?

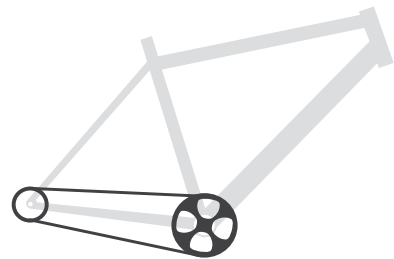

You'd like to have a good bike. Your wishes determine the choice of the frame. The schedule on the next page will help you to orientate. But, maybe you already know exactly what you want. In this case you can easily compare the different possibilities of each frame.

2

## Version

By now you probably have a couple of frames in mind. Now choose the version you'd like to have. With 'version' we mean the gear system. You can either opt for a derailleur, hub gear system (Rohloff or Alfine) or bracket gear system (Pinion) with chain or belt.

3

## Customize

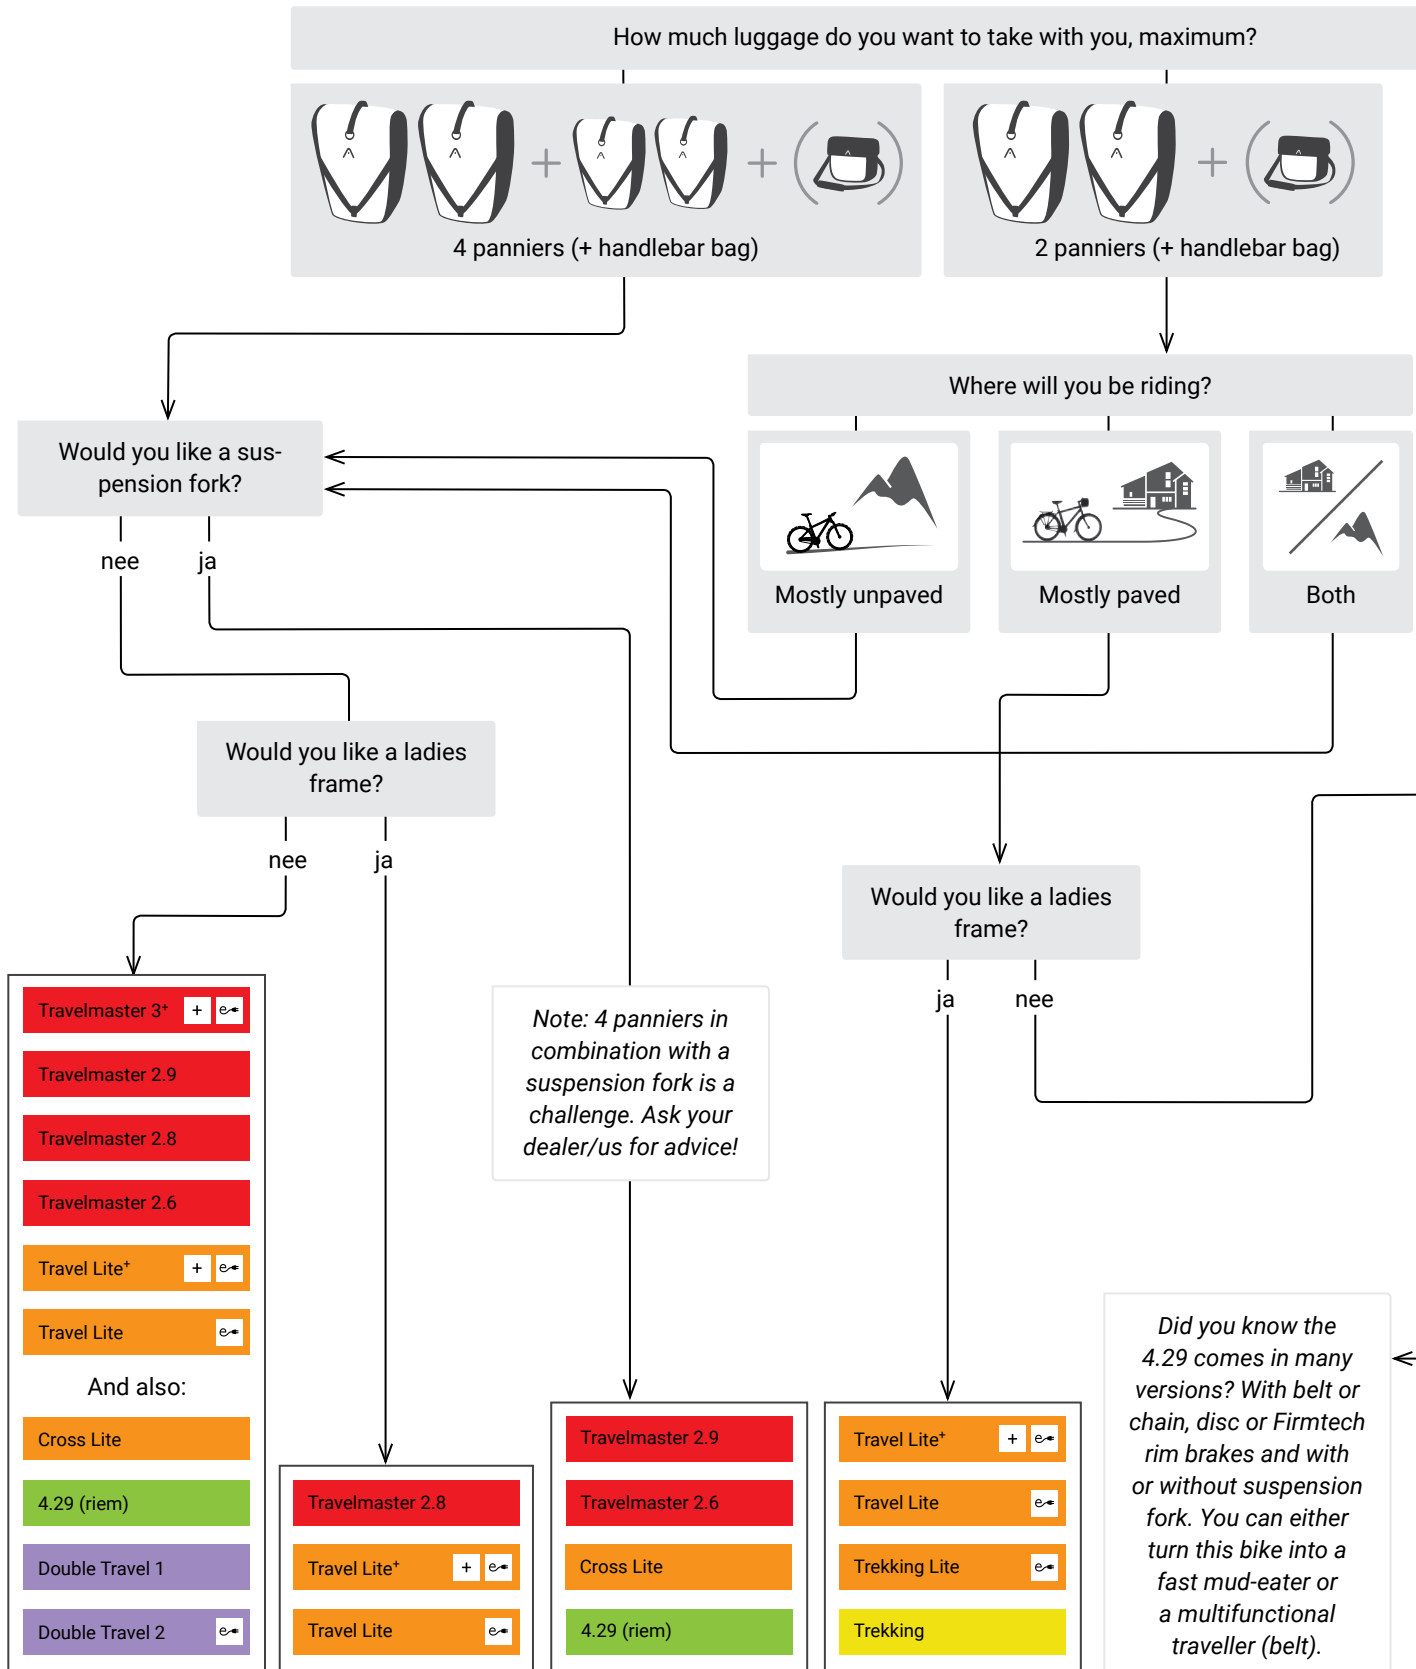

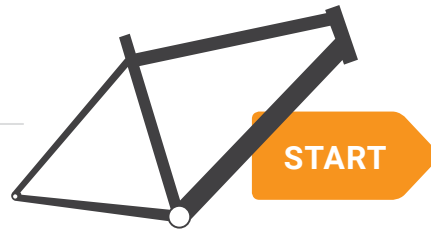

At this point you can start customizing your bike. Adjust it exactly the way you like, with the parts you need. Choose your handlebar, saddle, grips, pedals, color, lettering, etc.

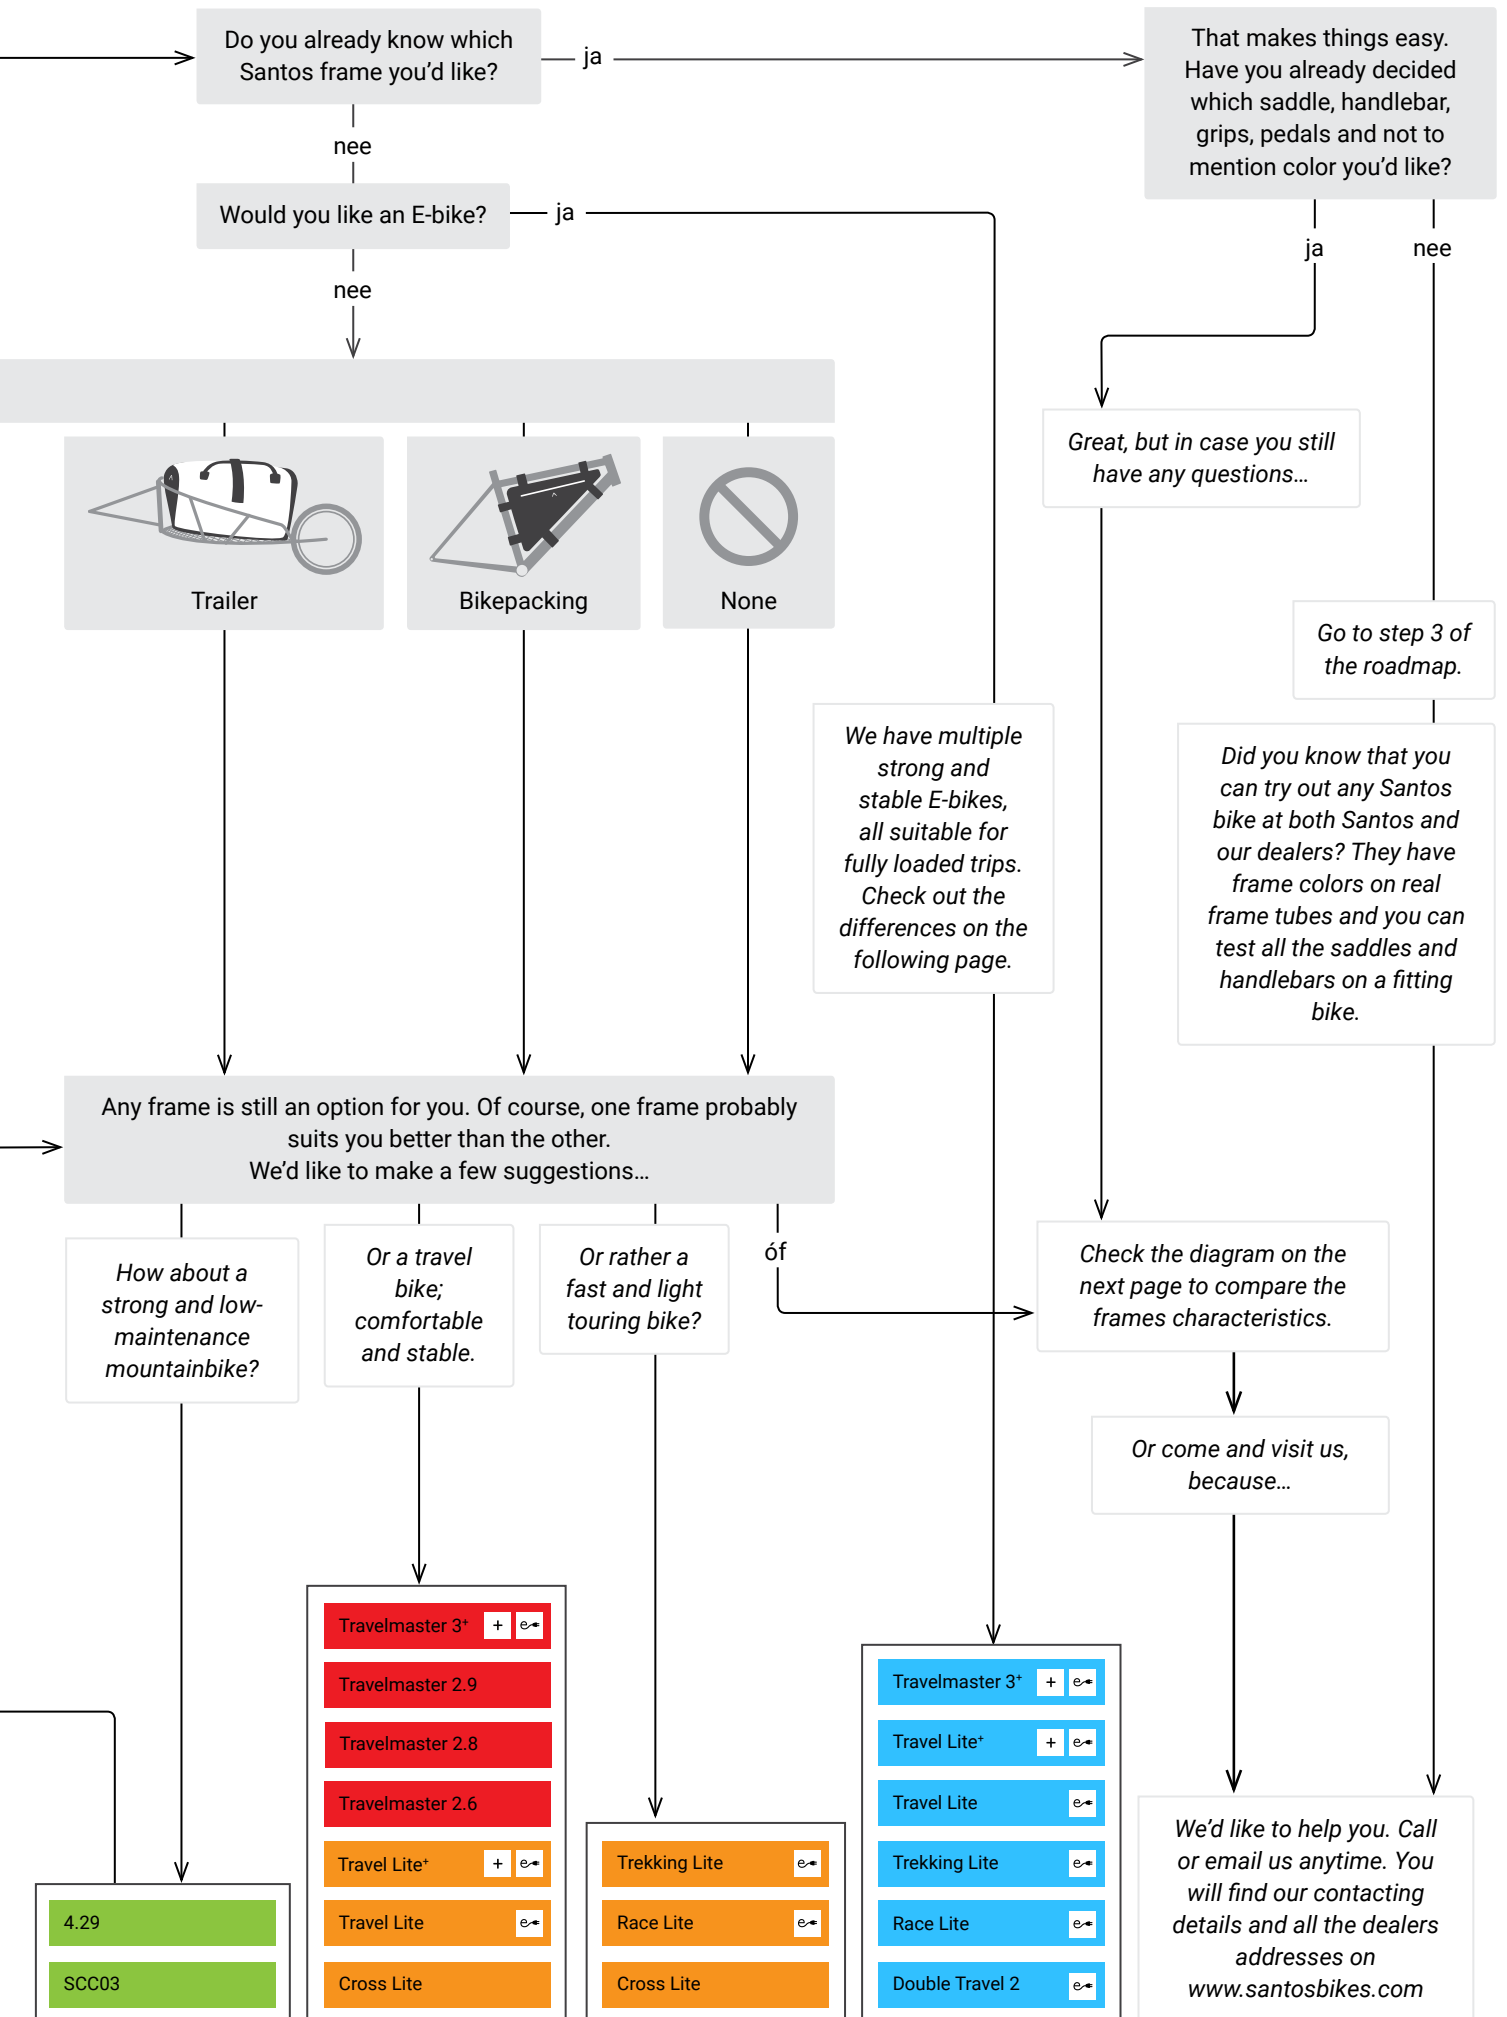

1

# Which Santos frame do you need?

Use the flow chart to orientate.

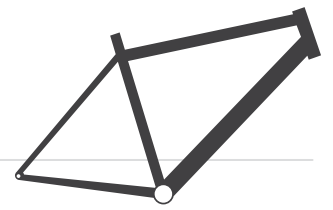

# 1

## Compare the frames

Choose the right frame for your Santos.

## Characteristics per serie

Choose the right frame for your Santos.

### Travelmaster Serie

- Travel bikes for rough conditions
- Beasts of burden
- Functionality comes first
- For extreme circumstances
- A lot of luggage without swabbing
- Common parts
- Indestructible
- Made for long distances
- World bikes!

Travelmaster 3+  

Travelmaster 2.9

Travelmaster 2.8

Travelmaster 2.6

### Lite Serie

- Dedicated, clean design
- Low maintenance
- Suitable for daily use
- Take it to work, out for the weekend or on holiday
- Enough room for all your panniers
- Durable
- Reliable
- (Holiday)bikes on your terms
- Gents and ladies frames

Travel Lite+  

Travel Lite 

Trekking Lite 

Race Lite 

Cross Lite

### Power Serie

- (Holiday)bikes with power
- Ideal for holiday and commuting
- GoSwiss motor with Pinion gear box or the reliable PX motor with Rohloff gearhub.
- Low maintenance
- Large battery
- Modular system

Travelmaster 3+  

Travel Lite+  

Travel Lite 

Trekking Lite 

Race Lite 

Double Travel 2 

### Mountain Serie

- Mud eaters
- Light and fast
- Low maintenance (also in cold winters)
- Lots of clearance
- Multifunctional
- Carriers and fenders optional (4.29)
- Bikepacking, why not?

4.29

SCC03

### Tandem Serie

- Together just as fast
- A lot of luggage without swabbing
- Super stable
- A lot of brake force, third disc brake possible
- Reliable
- With either Rohloff speed hub or derailleurs
- World bike

Double Travel 2 

Double Travel 1

### Urban Serie

- For fun in town
- Straight to the boulevard
- Smooth touring
- Low maintenance
- Suitable for daily use
- Playful and nifty
- Comfortable
- Durable
- Gents, ladies and mixte frames

## Version

Choose the right gear system.

You now have a couple of frames in mind. Choose the version you like best. With version we mean the gear system. You can either opt for a derailleur, hub gear system (Rohloff or Alfine) or bracket gear system (Pinion) with chain or belt. If you'd like to know more about the Rohloff hub, belt drive or any other option, please check our website. Here you will also find our (dealer) contact information, because you can always reach out to us.

### Rohloff hub

- With 14 gears
- Suitable for belt and chain

### Pinion

- With 12 or 18 gears located in the bracket
- Suitable for belt and chain

### Derailleur

- Various types available

**3**

## Customize

Now you are ready to customize your bike. Adjust it the way you prefer.

Rims, fenders, brakes, light system, front fork, pump, handlebar, bar ends, saddle, tires, carriers; you are able to decide for yourself if you want them, which one you want and how you want them.

Do you like colors? Start thinking, because our Rohloff hubs, Pinion gear boxes and SON-hubs and -lights are available in 6 colors, our frames in 50 and logo's and lettering in 14 colors.

Being able to choose is nice, but making choices can be tough. We understand. That's why you can visit our dealers, they are very willing to help. Or come and visit us (Santos), we are open every Friday. Appointment only, because we like to give you the attention you need. Plus, when you visit us, you'll get to see what's happening behind the scenes.

# Complete the roadmap

We like to listen to your wishes.

Go through the roadmap below, with our help or with your dealers help.

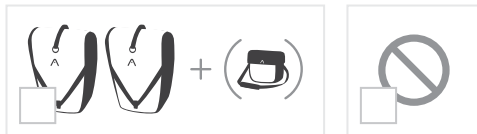

Name: \_\_\_\_\_

1

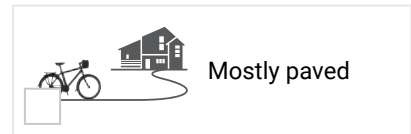

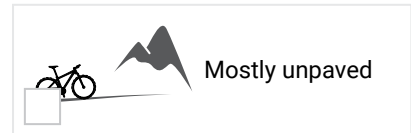

## Which Santos frame do you need?

You have figured out which Santos frames suits you best. Please tell us! Keep the questions below in mind and or use the tools mentioned previously in this brochure.

### How much luggage do you want to take with you, maximum?

### Where will you be riding?

### Would you like a suspension fork?

Ja  Nee

### Would you like a ladies frame?

Ja  Nee

This way we can give you a proper advice on the frame that suits you best.

2

## Version

By now you probably have a couple of frames in mind. Now choose the gear system you prefer.

### Which gear system do you prefer?

Rohloff  Pinion  Derailleur  Alfine

### Would you like belt or chain?

Riem  Ketting

We are happy to explain the differences between the Rohloff hub, the Pinion gear box, the Alfine hub and the derailleur. And between belt and chain. Please ask us anything you'd like to know.

3

### Customize

At this point you can start customizing your bike. We have a fitting bike with which you can test the ergonomics of different handlebars and grips for example. Our color display will help you choose the right frame color.

#### Test rides

On which frame size/sizes did you do a test ride?

-----  
-----  
-----

Have you tried them all?

- Handlebar -----
- Stem -----
- Grips -----
- Bar ends -----
- Saddle -----
- Seat post -----
- Pedals -----

#### Color

Have you looked at all possibilities?

- Frame color -----
- Decal color -----
- Decal design -----

#### Comments:

-----  
-----  
-----

*Note: at Santos we do not do an actual bike fit. You can have a bike fit done by your local dealer. On our Santos fitting bike you are able to feel the differences between the different frame sizes, handlebars, grips and saddles. But, this is not a proper bike fit. To define the actual frame size that corresponds to your sitting position, we advise you to do a bike fit at one of the Santos dealers or a professional bike fitter.*

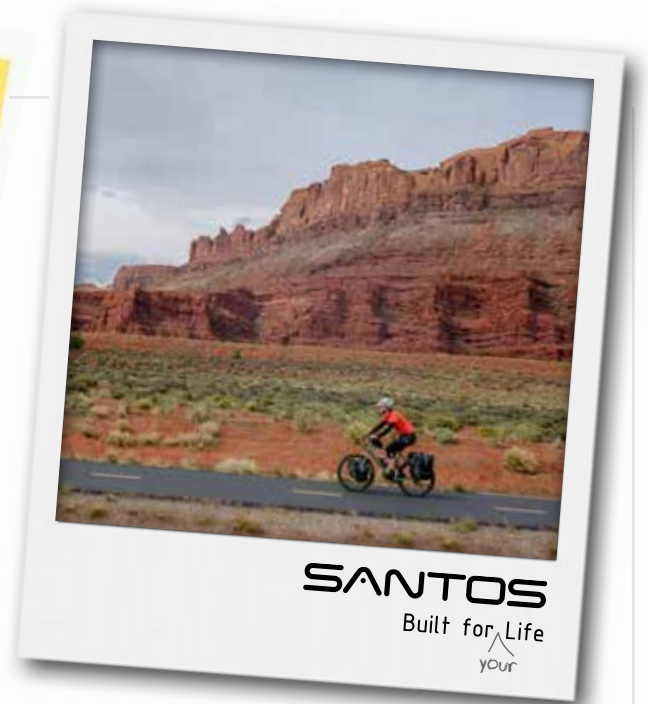

Helped by ----- from -----

to do:

- Buy cycling shorts
- Check sleeping bag
- Decide Santos color

Visit Santos  
showroom in  
Nieuw-Venep!

Will this be  
your Santos?

## The Travelmaster 3<sup>+</sup>

A world bike, suitable for home too.

You can ride with it to China... to your work... to Santiago de Compostella...  
to the supermarket... to Iceland... and...
